
Melilas Curriculum

Melilas follows the KS3 (Key Stage 3) English National Curriculum, enriched and adapted for our diverse and international community, and to reflect our wonderful host country context.

The KS3 English National Curriculum is a rigorous academic programme for 11-14 year olds that builds on primary school learning and prepares our students for certification – typically iGCSEs - later in their school life. We promote international mindedness as future global citizens, develop our students as young adults through our PSHE pastoral programme and tailor our schemes of work to develop knowledge and skills that will prepare them as leaders of the future.

In Melilas we offer the following subjects:

- Art, Design and Technology (ADT)
 - English Language and Literature
 - Digital Education (incorporating computing and Information Communication Technology)
 - Drama
 - Geography
 - History
 - Mathematics
 - Science (Biology, Chemistry and Physics)
 - Modern Foreign Languages (MFL choice of Bahasa Malay, French, Mandarin or Spanish).
 - Music
 - Physical Education
 - Personal Social Health Education (PSHE)
-
